

## Atrichornis 040

### Across

- 1 Recording an Australian vagrant can get a pen flying (4,6)
- 9 US Rail beginning to service only regional areas (4)
- 10 Asian waterbird – a real bird with primarily rice-fields around (6,4)
- 11 Beginning, so heads off for big win (6)
- 12 Whirling mob – loss of nectar source is the explanation (7)
- 15 Flying – the fear characterises birds (7)
- 16 Battery requiring some chronic adjustment (5)
- 17 A bit of near-ideal habitat for Gibberbird (4)
- 18 Lorikeet associating with emus, kangaroos, etc (4)
- 19 A Pipit taming some rainforest bird (5)
- 21 Red Centre records Koel first then wandering Merlin (7)
- 22 Wrap up shattered thermos (7)
- 24 Around Rio, it's a Spanish term for a bird (6)
- 27 Each gnat or fly brings out an insectivore (6,4)
- 28 A waterbird – watch out! (4)
- 29 Northern hemisphere insectivore found in Los Angeles and Martinique (4,6)

### Down

- 2 28A genus could be primarily around Newcastle and Sydney? (4)
- 3 Bemoans loss of the first waterbirds (6)
- 4 Ornithologist with US society connections (7)
- 5 Non-spring tides never ever are predicted initially (4)
- 6 Like a raptor with no Delta variant (7)
- 7 Northern hemisphere passerine walks though occasionally sprints madly (4,6)
- 8 Moneylender plays prank with bower (10)
- 12 Tropical seabird disturbed by dank, cold situation (5,5)
- 13 Hen of civil engineer produces an Andean songster (5,5)
- 14 Admiring some sweet Japanese wine (5)
- 15 There's no arguing with these (5)
- 19 Snipe go wild for these birds (7)
- 20 Filling a mall game without the French (7)
- 23 Some ultra-certain COVID investigator (6)
- 25 Owl found in Cobar, NSW (4)
- 26 Freshly laid Spanish artist (4)
